

GENERAL BELL DENOUNCES TRIAL AT BOISE, IDAHO

COMMANDER OF STATE TROOPS
IN MINERS' TROUBLES NOT
A WITNESS.

KNOWS THE INSIDE HISTORY

Of Events Leading Up to the Murder
of Governor Steunenberg—Says
Trial is a Farce.

Denver, May 20.—General Sherman M. Bell, who commanded the state troops in the trouble with the Cripple Creek miners under the administration of Governor Peabody, has not been called by either side in the Haywood trial at Boise, though he declares he knows much of the inside history of the Western Federation of Miners. "I shall not appear as a witness," said General Bell, "except of my own volition, but if any attempt to job the prisoners is made, or any attempt to use me as a tool by either the Western Federation of Miners or the mine owners, I give notice now that I shall take a hand. The whole thing is a farce. It is unfair and un-American. I detest the principles of Moyer and Haywood, but I think they should get a square deal, and if you take men from a state where the alleged crimes were committed to a place supposedly hostile to them in another state, I don't call it a square deal."

Witnesses at Hand.
Boise, Idaho, May 20.—Several of the more important witnesses summoned in behalf of the state in the trial of William D. Haywood for alleged participation in the assassination of former Governor Steunenberg, have arrived at Boise. The prosecution had hoped by this time that a trial jury would have been impeached, but it is now evident that all twelve seats in the jury box will not be satisfactorily filled for several days.

Sympathy For Haywood.
Chicago, May 20.—A parade and mass meeting as an expression of sympathy for Moyer, Haywood and Pettibone, accused of the murder of Governor Steunenberg of Idaho, was participated in by nearly 4,000 persons, 5,000 of whom were women and children.

TEMPERANCE

CAME TO THE FRONT AT SESSION
OF PRESBYTERIAN GENERAL
ASSEMBLY.

Overtures to be Heard Withdrawing
Support to Church Papers Print-
ing Patent Medicine Ads.

Columbus, May 20.—The temperance question came to the front with the opening of Monday's session of the General Presbyterian Assembly. The temperance committee referred back overtures supporting the anti-Saloon League to the committee on bills and overtures, and Dr. Ira Landrith, chairman of the committee asked that the assembly change the regular order of business and take up the temperance matter Wednesday. The assembly so voted, over the objections of Moderator Roberts. The question is, shall the Presbyterian church endorse the plan of church temperance federation which would parallel the work of the anti-Saloon League, or support the anti-Saloon League. A majority of the commissioners seem to favor the anti-Saloon League. The Presbyterian church supports 115 colored schools, with a property value of \$660,000 and is educating over 13,000 negroes.

Overtures from the presbyteries of Lima, Mahoning, Portsmouth, Steubenville and Columbus are to be reported to the assembly late Monday, asking that endorsement be withheld from all church papers which print patent medicine advertisements.

METHODISTS MUST MUST MODIFY ON CARD PLAYING

Philadelphia, May 20.—Bishop Jos. F. Berry of the Methodist church, in session yesterday declared that Methodists must modify their strictures on card playing and dancing. Bishop Berry is president of the Epworth League.

Baptism of the heir of the Spanish throne, Prince Alfonso of the Austrias, who was born May 10, occurred in the private chapel of the palace at Madrid.

NEWARK'S LIVE ONES

And now we have Norton, Mr. A. L. Norton, of the A. L. Norton company, who sells books, stationery, wall paper and lots of other things at 29 West Church street, in the Union block.

Mr. Norton is one of the youngest of our hustling live ones, being only 23 years old at present, but all the shidooring that is done is shidooring after his share of business, and he certainly lands it. He has only been here in our city four years, but has made his personality felt both in a business and social way.

"Get the Habit" is the firm's business slogan, and as they are shrewd

A. L. NORTON.

advertisers, this business advertisement may be seen on all roads in the country.

Mr. Norton is secretary and treasurer of his company, a corporation holding many interests, both here and elsewhere, having a large store in the same line at Gallipolis, where Mr. Joseph Mock, the president, is stationed, and with their large and diversified interests they can buy their stock at correct prices and meet all competition, both in quality and prices. We know here, that the business success of the firm is largely due to Mr. Norton's aggressiveness, but he modestly disclaims it, and points out the business abilities of the president Mr. Mock.

At any rate they are a well equipped firm and have made a success of it, which only enlarges on the fact that Newark is a good town, and we want more workers among us, for they are sure of doing well if they come.

Mr. Norton is a member of the Masons and Elks and is very popular with all classes.

INFERNAL MACHINE IN POLICE BUREAU KILLS AND MURNS

Odessa May 20.—The superintendent of police and two detectives were killed and several others seriously injured by the explosion of an infernal machine in the central police bureau this morning. The building was wrecked.

A young girl was the agent of terrorists and was assisted by two men. The trio entered the police bureau together, the girl carrying a bundle. The girl placed the package on a chair. Then the party left, and detectives picked the bundle up to run after the girl when it exploded. Officers started in pursuit and shot the two men. The girl escaped.

WHEAT CLIMBING

Chicago, May 20.—Wheat is climbing up again today, and there is much excitement in the pit. The weather reports continue to be favorable and bugs are said to be increasing in localities. Today's closing: July 97%; corn 53%; oats 46%; pork \$16.87.

REPORT IS MADE BY COMMISSIONER OF CORPORATIONS

SHOWING MANY OPEN VIOLATIONS
OF LAW BY STANDARD
OIL COMPANY.

IS 'SENSATIONAL DOCUMENT'

Showing the Tremendous Power of
Petroleum Octopus—Foraker's
Name Mentioned.

Washington, May 20.—Revelations of the peculiar operations of the Standard Oil company were made today by the Commissioner of Corporations. They indicate that the petroleum octopus will be haled into court as first defendant under the new railroad rate law. Disclosures of abuses whereby the Standard has either evaded or openly violated the law, and prevented competition will also furnish the basis for a contest in the next Congress, which it is believed, will result in additional legislation of such a character as to throw the Standard's system of pipe lines open to general use by independent concerns. Had the drastic pipe line provision been retained in the rate law or originally drafted, the abuses complained of might not have been recorded.

A loophole for fraud was brought about, through a desire to protect the gas and water companies which are interstate carriers.

Senator Foraker is one of the chief champions of these private interests. It is believed the prosecution will be begun in a few days.

Here is the secret of the Standard's vast power:

The Standard Oil company produces over 80 per cent of the country's total output of illuminating oil. Its Bayonne, N. J., refinery alone handles more oil than all of its 75 competitors combined. It controls ten refining companies and 15 foreign concerns. Its growth and power rests on the control of transportation facilities, in local price discriminations, in unfair competitive methods and in the elimination of the jobber. Not over one-sixth of the crude oil comes from its wells.

Its pipe lines cover 40,000 miles. Co-operating with the railroads, it established a system of secret or open discriminations in freight rates.

In its pipe lines with only one competitor, it refuses to act as a common carrier for independent producers and destroys or absorbs these who seek to build rival pipe lines. Its rates on its pipe lines are three to six times as great as they should be.

It is accused by Uncle Sam of over \$8,000 separate violations of the law against unjust rebates.

Part one of commissioner's report has been made public, and other parts will follow. Certain information acquired is withheld for the present, in accordance with instructions of the president, who feels that their publication might interfere with the prosecution of the government's suits pending against the Standard Oil company and its subsidiary companies.

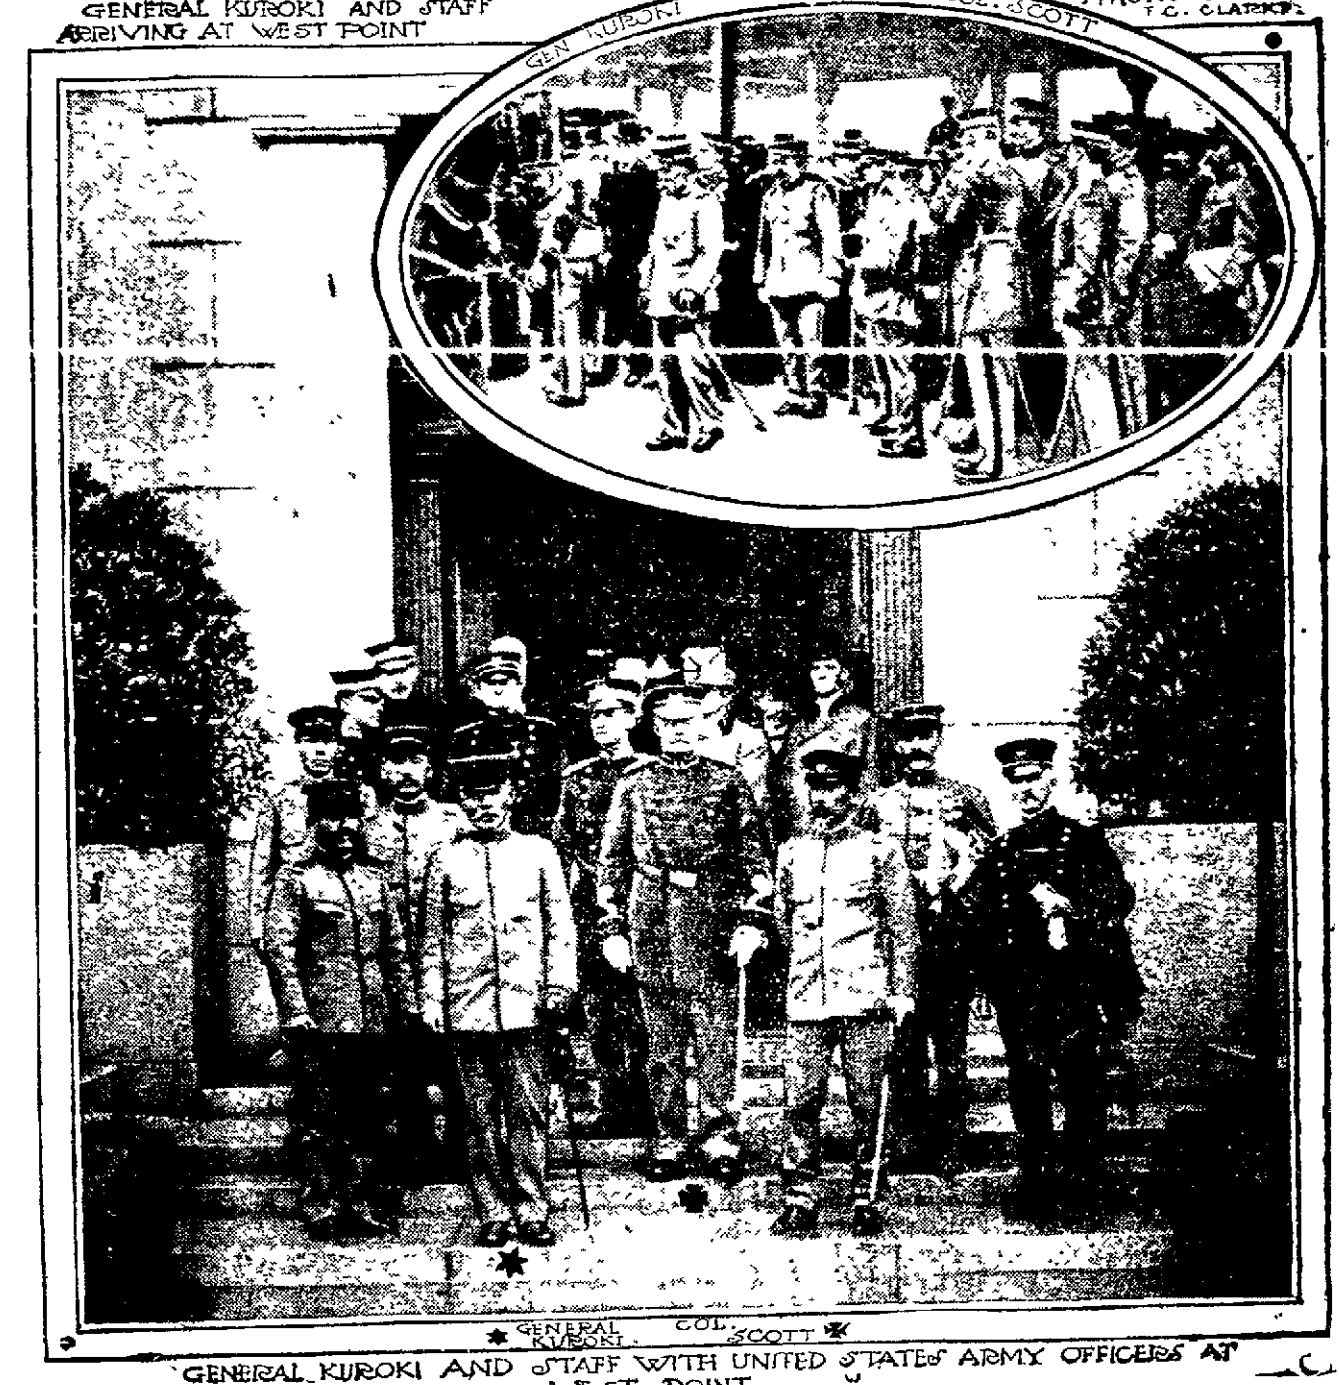

The report contains the net results of a study of the petroleum business during the year 1904. It is the first official statement of the operations and methods of the Standard Oil company by which, the report states, through "scandalous railway discriminations," and other unlawful devices, they have secured and maintained an "exclusive domination of the petroleum industry." In 1904 the Standard and affiliated concerns "refined over 84 per cent of the crude oil run through refineries; produced more than 86 per cent of the country's total output of illuminating oil; maintained a similar proportion of the export trade in illuminating oil; and transported through pipe lines nearly nine-tenths of the crude oil of the older fields and 98 per cent of the crude oil of the mid-continent field." Mr. Smith's report points out the oil monopoly enjoyed by the company does not rest on the ownership of the source of the oil supply, which amounts to about only one sixth of the total, but "that its growth and present power rests primarily on the control of the transportation facilities."

After the railroad rebate was abandoned, the Standard Oil company, the report continues, was able to "establish a system of secret or open discriminations of rates in its favor throughout practically the entire country. Having established its monopoly of the pipe line business, the company substantially refuses to act as a common carrier." It is shown that the Standard controls not only the wholesale, but also the retail trade in oil.

A police census just completed gives the population of the District of Columbia as 229,591, of whom 96,188 are negroes.

GENERAL KUROKI AND STAFF ARRIVING AT WEST POINT.

NEW YORK, May 20.—General Kuroki moved on West Point in enfilading fire of the batteries of the elements, yet he went his way without even the shelter of an umbrella. He declined to have anything of the kind carried over him, in this resembling the Duke of Wellington, who said soldiers who go through the rain of bullets should not fear water.

HISTORIC WEEK IN WHEAT MARKET ONE JUST CLOSED

Chicago, May 20.—The past week with its "dollar wheat" has been an historic one in the annals of the Chicago board of trade. "While statistics on the quantity of wheat which changed hands are not obtainable, the assertions of veteran traders that the volume of business was of unprecedented proportions may be safely accepted. Never before have grain brokers done a larger business. Crop reports, private and public, are united in the statement that the world cannot grow this year all the wheat it needs to consume. "Dollar wheat" became an actuality last Monday when September and December options both passed that mark. Friday all records for the season were broken when July went to \$1.02 1/2, September to \$1.05 1/2, and December to \$1.03 1/2.

CHARGES ARE MADE AGAINST THE POLICE

Kansas City, May 20.—Governor Joseph W. Folk left for Jefferson City after a conference with the local police commissioners regarding graft charges. Among his callers were policemen and police detectives who are said to have laid bare numerous irregularities, evidently in the hope of gaining immunity for themselves. Governor Folk's investigations have apparently convinced him that there is a very strong alliance existing between the Metropolitan Street Railroad company and the police force. A high official of the police department is authorized for the statement that within two years this alleged alliance has been encouraged by the heads of the department. Mayor Beardsley has repeatedly charged that policemen have been over zealous in serving the streetcar company when passengers have been injured in accidents.

LEADERS MAY CALL SYMPATHETIC STRIKE AT EVANSVILLE, IND.

Evansville, Ind., May 20.—With a force of 100 strikers were called by the strikers. A sympathy strike called by the strikers. President of the Union advised that many of the strikers are sympathetic with the strikers.

ANOTHER MAN DISAPPEARS AT GRANVILLE

Granville, O., May 20.—About two weeks ago a young man giving his name as William E. Rowan of Philadelphia, came to Granville and engaged a room, stating that he expected to stay a year or more and would enter college in the fall. He was about six feet three inches tall, rather slender, and apparently not in the best of health. He engaged board with one of the students' clubs, and spent a good part of the day in walking about the country, apparently for the sake of being in the open air as much as possible. On Tuesday afternoon last he left his room and has not been seen or heard from since. Nothing in his actions or appearance would suggest any reason for his suddenly leaving, and the few who knew of his presence in Granville are naturally somewhat concerned to know what has become of him. All his effects were left in his room and his deposit at the bank was not drawn upon. As he was apparently not in good health, it has been suggested that he may have walked off some miles into the country and been seized with illness, rendering him unable to get back. If any reader of the Advocate can throw any light on the subject he will confer a favor by sending word immediately to the Advocate office or to the Granville police office.

"HOODOO" DOCTOR IS PUT ON TRIAL

Chicago, May 20.—Herman Bilek, the hoodoo doctor, hypnotist and fortune teller, was called to trial today charged with the murder of six members of the Martin Vranz family by poison. The state will ask for the death penalty. A change of venue was demanded immediately from Judge Keenan. It is believed an outside judge will be called to hear the case.

"We expect a conviction," declared assistant state attorney John J. Connelley, "and we have much evidence to back up our case. We will produce witnesses who saw Bilek using what he said was medicine to the Vranz home, saw him prepare for administering the poison, and saw him administer it. This we depend upon to convict."

SUDDEN SQUALL STRIKES CANOE THREE DROWNED

Seattle, Wash., May 20.—Three young college students, two men and a girl, were drowned in an accident on Lake Washington. The two men were J. P. Gosshorn, a junior at Stanford university, and Glen Jacqueth, son of a Kalispell, Mont., engineer, and a sophomore student at the same institute. The girl is Edith Vogt, a junior of the university of Washington. These three, with Eugene White, another Washington university student, were out in the lake in a small canoe, when a sudden squall came up and struck them. The canoe filled with water and sank, leaving the occupants struggling in the choppy waves. White almost succeeded in getting the girl to the canoe, when both the other men threw their arms around him and the four sank, White alone coming up.

JUDGE HARGISS TRIAL

Lexington, May 20.—The trial of Judge James Hargiss was resumed this morning and it is likely the defense will test its side of the case by adjournment of court tonight.

BIG DEMONSTRATION OF FRENCH LABORERS

Paris, France, May 20.—A giant demonstration in which 80,000 persons took part was held here for the purpose of urging the government to repudiate the distress caused by the overproduction of wheat and the extension of the war. A banner carried from the Eiffel tower and read: "People are in a state of mental and moral distress and from all parts of the world they are coming to Paris to demand the end of the war." The demonstration was a success and the government officials being powerless to collect them.

TRAIN HITS TROLLEY

Chicago, May 20.—A C. & D. fast train struck a Cincinnati, Hamilton and Toledo trolley car at Linden avenue this afternoon. One passenger was injured and several injured. The head of the trolley car was crushed in a yard and the car was in a bad condition.

MAYOR SCHMITZ MAKES CHARGES OF PREJUDICE

AGAINST TRIAL JUDGE IN THE
BRIBERY CASES AT SAN
FRANCISCO.

ASKS FOR SUBSTITUTION

Of Another Jurist in Place of Judge
Dunne—Charges That Spreckels
Wants Franchises.

San Francisco, May 20.—Mayor Schmitz's attorneys has served the district attorney with notices of a motion for substitution of a trial judge on the ground that Judge Frank H. Dunne is disqualified by bias and prejudice.

A lengthy affidavit by Mayor Schmitz supports the motion. Charges of an extremely sensational nature are made against Rudolph Spreckels, his associates in the bribery graft prosecution, and Judge Dunne himself.

Among Schmitz's allegations are the following. That Mr. Spreckels and the associates who are with him, the financial guarantors of the bribery graft investigation and prosecution, long since exhausted the original fund of \$100,000 pledged by Spreckels and have expended nearly one million dollars in a municipal purification campaign; that the expenditure of this vast sum of money is by way of investment from which actual monied returns are expected; that Spreckels and his prosecuting associates desire and purpose to overthrow the present municipal administration in order that they themselves may assume the reins of government and secure a themselves street railway and water franchises which will net them millions of dollars of the public money; that Judge Dunne is aware of this intent and purpose and is therewith in accord; that the conviction of Schmitz is desired as a means to these ends, and that it is the wish of Judge Dunne that a biased and prejudiced jury be selected to secure such conviction; that for that and many various reasons, the same as set forth recently by Abe Ruef in his application for a substitute for trial judge; it is impossible for Schmitz to have a fair and impartial trial at Judge Dunne's hands.

The committee of seven business men, to whom Mayor Schmitz has given full power to cope with the peculiar situation brought about in municipal affairs by the developments in the graft investigation, will meet this afternoon. An invitation has been extended to a number of labor leaders to be present with suggestions. The committee has issued a declaration of principles in which it says: "We intend to bring about a clean condition of affairs in this community and make it safe for habitation by human beings and for the investment of capital. We shall do nothing in the nature of class legislation, and recognize that every element in the community has a right to representation in the government of the city."

AT THE HAGUE CUBA WILL PROTEST

Against Debt Collections by Nations
as a Cause of War Between
Them.

New York, May 20.—Cuba will make her protest against debt collections by nations as a casus belli in the coming international peace conference next month when her voice will be heard for the first time in the councils of nations at The Hague. On the broad questions of disarmament and arbitration of international disputes, Cuba will be guided by the United States.

MRS. EDDY'S TAXES WILL BE RAISED

New Hampshire Assessors Increase
the Valuation of Her Property
Nearly Fivefold.

Concord, N. H., May 20.—Taking it for granted that the bond of \$500,000 filed by the three trustees to whom Mrs. Mary Baker G. Eddy, founder and leader of the Christian Science denomination, recently made over her property represented as required by law twice the value of her taxable property, the Concord assessors this year have assessed Mrs. Eddy's property at \$269,870. This is almost five times the amount of last year, when the Christian Science leader was assessed \$54,850.

WOMEN EMPLOYEES HELPING TO REVIVE FIREMEN OVERCOME BY SMOKE.

NEW YORK, May 20.—During a fire in the cellar of the Remington Typewriter company, seventy firemen, constituting the entire third battalion, were overcome by the fumes of gas and chemicals. Many of the men were overcome three times and then violently resisted being carried to ambulances. More than half of those overcome were taken to the hospitals, many of them in a serious condition. From about eleven o'clock, when the first company went into the cellar, which was filled with the deadly fumes, until half past one the men were being carried out in a steady stream. Stewards were lined with unconscious firemen and offices in adjacent buildings were turned into temporary hospitals.

The guests departed at a late hour satisfied with the evening's amusement.

EDWARD FENCHEL RETURNS TO NEWARK

Edward Fenchel, a former employe of the Advocate job rooms, has returned to Newark after a 9-months' experience as a seaman on board a United States man-of-war. Since joining the navy last summer, Fenchel has traveled around the world and has had the unusual experience of having visited his country's possessions in the Orient.

Fenchel left this city last August, having enlisted in the temporary recruiting station established in the court house. He was sent to the League Island Navy Yard, where he took a short course and after a short time was assigned to the United States battleship The Maine, one of the first class ships recently finished. He was on the vessel on a cruise through the West Indies and also on a trip to the Hawaiian Islands.

It was during this latter trip that Fenchel was taken sick and underwent an operation. His discharge from the service resulted from this operation.

Eddie states that now he is out of the service, he is glad of it, but admits that he has had a valuable experience.

AT ORPHIUM TONIGHT.

The bill at the Orphium theater commencing Monday afternoon is as follows:

Ansel and Dorain hand to hand and head to head balancers and trapeze performers.

Adelyn, the dancing girl.

Wilson and Hawthorne in a comedy sketch, entitled "The Modern Bluebeard."

George Gonder, illustrated song. Mr. Gonder is a High school student, and is very strongly recommended as a singer by several prominent music teachers of the city.

The Adams Brothers, in a very laughable singing, dancing and roller skating stunt.

New moving pictures.

On Saturday evening, Mr. Stone won the handsome rocking chair given away by the management, the winning ticket being No. 1192.

CANCEL ALL DATES.

Mr. and Mrs. L. Haigh, known in the profession as Haigh and Thomas, who have been performing during the past week at the Orphium theater have cancelled all dates for this section of the country and left for Eaton Rapids, Mich. At this place they will remain during the summer months. The cause of this popular couple cancelling dates in this circuit is unexplainable.

AT THE "DIPPY" HOUSE

Here is the latest lunatic story that is going the rounds.

A gentleman while visiting at one of the large insane asylums, noticed an intelligent looking man working on the lawn and entirely unattended, and as he wanted some information about the institution approached him for a little talk. After some conversation on the affairs at the place, about which the fellow talked in a perfectly rational manner, the visitor casually inquired why they did not have the inmates do this kind of work. The workman explained that it was impossible to trust the crazy ones with edged tools as they might become violent at any time and do great damage. He continued on talking of things in general, and among

Successful Baking

A Talk with Housewives

If you want to have light, tempting, appetizing biscuits, waffles, griddle cakes, doughnuts—delicate and delicious cakes, and all the other good things in which baking powder is used, try Egg Baking Powder.

Egg Baking Powder insures successful baking. Your quick steps in the haste of preparation or the accidental slamming of the oven door will not result in failed cake or heavy biscuits.

Egg Baking Powder is made from dried white of egg and wheat phosphate. When water is added, the resulting leavening gas is caught and held in tiny globules by the egg albumen, and it can't get away until your baking has progressed far beyond the danger line where ordinary baking powder "goes dead."

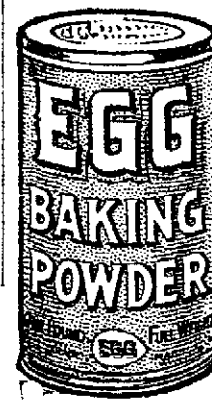

These are facts which a trial will prove. Another thing that's mighty

important is that Egg Baking Powder has no cream of tartar, tartaric acid, alum or other harmful substances found in ordinary baking powders, that keep the digestive organs in a constant state of irritation and cause Dyspepsia. We will give \$5,000 to anyone who can prove that this is not absolutely true.

Bad baking powder causes many a kitchen tragedy. Think of company coming for dinner and the baking fallen flat! Biscuits like bricks! Cake ruined! Muffins wearing a soggy look! Only a lot of uninviting and indigestible cookery to show for a whole day's work and worry. No danger of this if you use "Egg."

You save one-third the eggs and all the worry when you use sweet, pure, wholesome and nourishing Egg Baking Powder. Best grocers sell it. Write us for the *Egg Cook Book*—it's FREE.

SEVEN HUNDRED JAPANESE BLUEJACKETS AT THE HIPPODROME.

NEW YORK, May 20.—General Kuroki and staff, under the escort of Brigadier General O. E. Wood, attended the performance in the Hippodrome. General Kuroki seemed to enjoy the spectacle in a stolid, dignified, Oriental way, which to American eyes might have seemed apathetic. He grinned visibly at some of the antics of Marceline and was roused to evident interest by the advent of the mermaids from the depths of the tank.

Stationary Engineers.

The local lodge of Stationary Engineers met Sunday and listened to lectures on valve motion and use of the indicator for steam engines. Those who attended were highly pleased with the teaching, and in view of the fact that all in this line must eventually stand the state examination, it is of utmost importance that all members should attend the school. The date of the next regular meeting and school will be announced in due time in these columns.

Mr. Yates Elected President.

The Ohio Commercial Teachers Federation which convened in Columbus Friday and Saturday last was largely attended by the commercial teachers of the state. Mr. John T. TRUST OFFICIALLY BLAMED FOR WEAK RAILS.

Albany, N. Y., May 20.—The death of a rail.

That the lives of those who are obliged to travel on the great railway systems of the country are endangered by trust methods is the belief of officials who have made an examination of the situation in regard to the deadly defective rails.

"The revelations as to broken rails will have a wholesome effect," a representative of the State Railroad Commission said today. "There is a widespread interest in the subject, as the department's mail will show. The State commission's work ended when it placed before the American Railway Association figures which show an alarming increase in the number of defective rails on the roads of this State."

"There will be just as many broken rails next spring if the weather is as severe as early this year. No road can afford to tear up all its rails. The best that can be expected is that when the tracks are renewed from time to time a more durable rail will be laid. The railway experts and the rail manufacturers are taking up the matter and it is believed their deliberations will result in a better product from the rail mills."

NEWARK MAN KILLED MONDAY IN CINCINNATI

(Special Telegram)

Cincinnati, O., May 20.—An unknown man carrying Newark, Ohio, street car tickets, was killed here today. On his person was the name, "Ora Collins, 419 Washington street."

Later Monday afternoon it was learned that the dead man is Abe Somogi, 19, a friend of Collins who went to Cincinnati two weeks ago. Somogi is a step son of Mr. Firstone of Baltimore street, Newark, Ohio.

BARTENDERS HOLD MEETING

OFFICERS ARE NOMINATED FOR SEMI-ANNUAL ELECTION IN JUNE.

Present Membership Is 94.—Effort To Be Made To Secure All Non-Union Men.

The Bartenders' League, Local No. 412, of the International Association, met Sunday and nominated the following as officers to be elected at the semi-annual election which takes place next month:

President—Mason Katt.

Vice President—Steen Ulrich, Ralph Colt.

Recording Secretary—C. F. Walton.

Financial Secretary—Frank Gates.

Treasurer—Frank Gates.

Delegates of Business Representative—C. F. Walton (present incumbent), Frank Gates and Steven Ulrich.

Trustees—Lon Ryan, Henry Hampshire and David Richards.

Business of vast importance concerning the unionizing of all Licking county bartenders was discussed and speeches made which called for the present business representative to use all efforts in his power to bring into the union's fold the few non-union bartenders now in the county. The proposed act of the Columbus locals towards securing legislative licensing of all bartenders was brought up and treated with ridicule.

Delegate Walton in a speech dealing with "hammer raps," stated that the idea of making mixology a drug clerk was one which the international officials considered absurd.

"If the Columbus locals are in need of bartenders who understand how to mix and serve drinks, let them call on us and I am sure Local No. 412 will take a day off and teach our neighboring locals how to perform the mixology act to a science," said Mr. Walton.

His remarks were greeted with applause by the crowd present.

The proposed movement towards the licensing of bartenders was rejected by several Columbus locals, according to the prepared petition of the state legislature calls for bartenders to be examined and a qualification of servers passed by the board of bartenders appointed by the state legislature.

The next meeting of the local will be held in two weeks, and at that meeting all members are requested to be present.

The present membership of Local 412 is 94, making their local the strongest in the state.

DEATHS AND FUNERALS

NICHOLAS C. HOLLER.

Mr. Nicholas C. Holler one of the oldest residents of Licking county, died at his home in the Cherry Valley, three miles west of the city on an illness of over one year with paralysis of the throat and other troubles. Mr. Holler was well known all over Licking county and was a man who was highly esteemed by all who knew him. At the time of his death he was aged 72 years. His wife died about eight months ago. He is survived by one daughter, Miss Emma Holler, who lives at home. One sister and two brothers are also left to mourn his death. They are Mrs. Wm. Brown, who lives three miles south of the city, James E. Holler of who resides in Newark. The funeral services will be held at the home services will be held at the late home of the deceased on Tuesday afternoon, May 21, and will be conducted by the Rev. Mr. Bennett. The interment will be made in Cedar Hill cemetery.

THE JUVENILE FOR MAY
Has been laid on our table and a brief perusal of its contents reveals a considerable variety as well as high quality of reading matter, both original and selected, adapted to both juveniles and adults.
The editorial sermon from the text "Blessed are the merciful for they shall obtain mercy," should be read by persons of all ages for it is timely expressive of the principles and sentiments which would make better boys and girls and therefore better men and women.
The "interviews" with a number of leading citizens on the Foraker-Taft controversy will be read with interest by all persons interested in the "politics" of the present day.
The suggestion to the Board of Education that the pupils of our schools be given the next show day and encouraged to make a study of the animals and other features of the show will doubtless receive due consideration from the members of that body.
Other matters, useful and instructive; as well as interesting, includes "Lincoln and Ann Rutledge," "How King Charlemagne Taught School," "Judge Brister's Address to the Boys of Newark," "The Power of Habit," and a number of short paragraphs, more or less pithy and pungent.
The editor, Mr. M. R. Scott informs us that the subscription list is steadily increasing.

TWENTY-FIVE HUGE NEGROES IN CRUISER'S CREW.

SENEGALIAN SAILORS ON THE FRENCH CRUISER KIEBER. Photo by G. H. G.

New York May 20.—Aboard the French cruiser Kieper, Admiral Thierry, lying off Forty-second street, is a score of full-blooded Africans from Senegal. Six months ago they were wandering in their native tropical forests; now they are sailors under the tricolor of the French republic, speaking the same language as the 500 other members of the ship's company and dressed in the garb of the navy of France. Senegal being a French colony and lying in the tropical belt of West Africa, the ministry of marine concluded that as many other French

possessions lie close to the equator it would be expedient to recruit some of the big bodied natives for service at sea, many men in the navy being unable to withstand the climates of Martinique, Madagascar, Reunion and other French settlements. Thus far the experiment has been a success.

found near Greensburg, Westmoreland county, Pa. It will be dynamited and is expected to produce some interesting specimens.

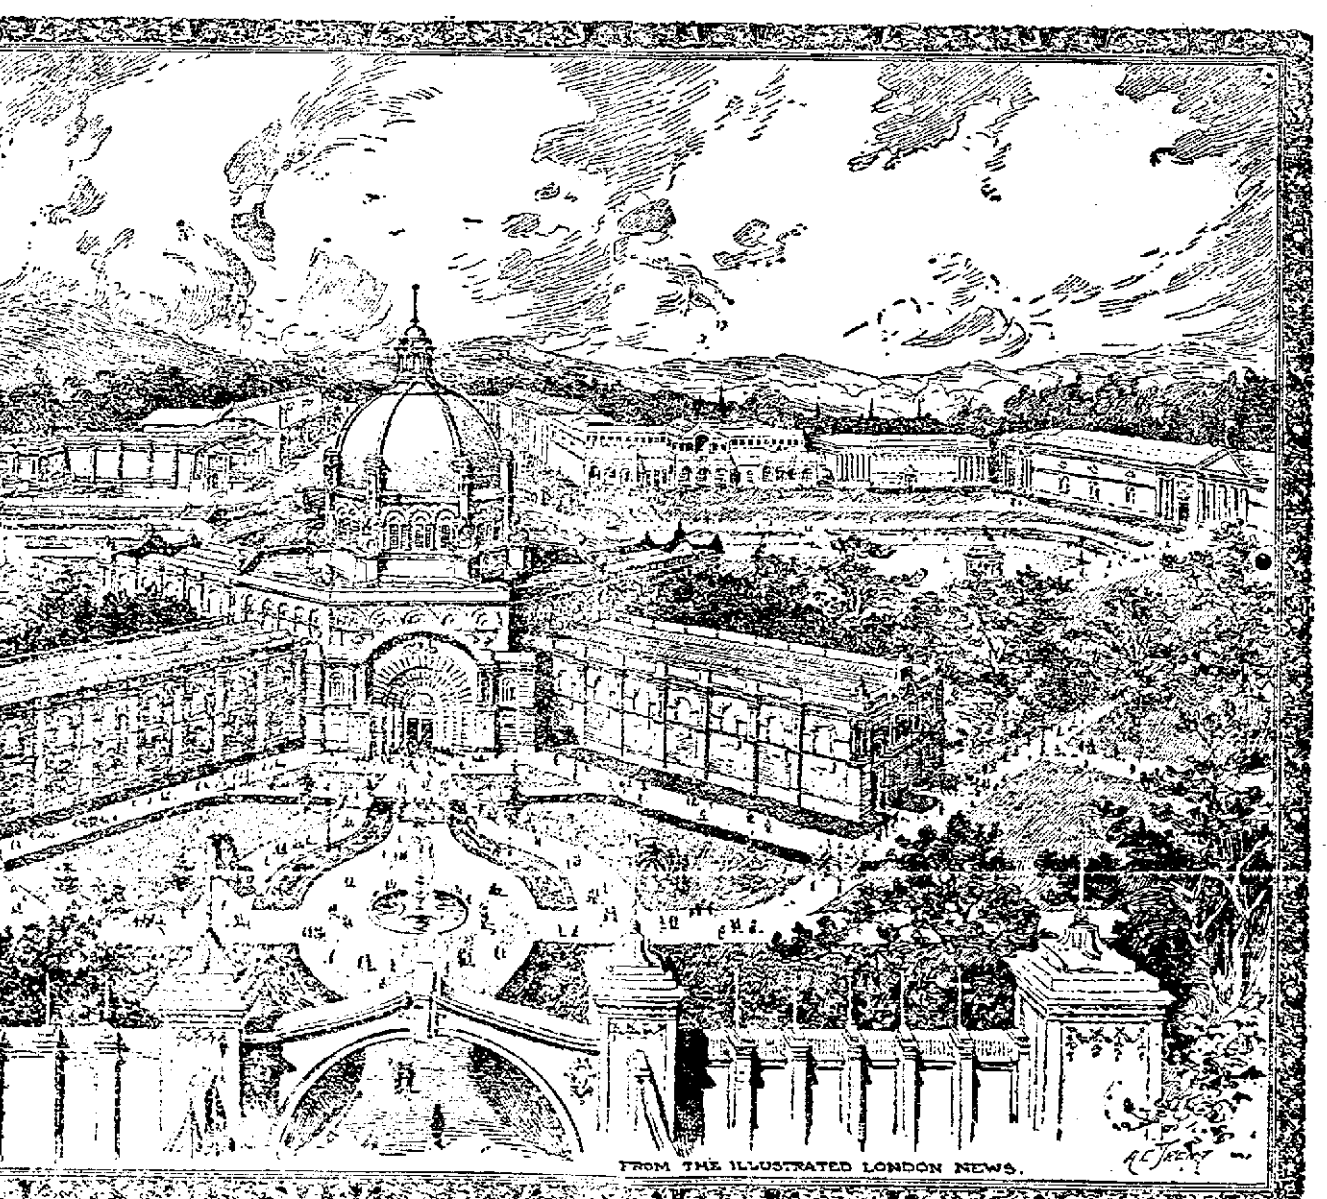

FOUND IN PENNSYLVANIA CAVES THAT ARE MAMMOTH CALVES.

Discovery Will Add Rare New Specimens of Extinct Animals to the Carnegie Museum.
Pittsburg, May 20.—Dr. W. J. Holland, director of the Carnegie Museum, has just completed a thorough examination of the bones of prehistoric animals found in a cave near Hollidaysburg, Pa., and is of the opinion that the find is one of the most important ever made. Among the bones unearthed were those of an immense bear, wholly unlike any other in existence at the present time. It was about twice the size of the present-day polar bear, which is the largest of the bear species, and it possessed fully twice the strength and courage of the polar bear.

Among the other bones found in the cave were those of what were at first supposed to be the young of the great bear. But an examination by Dr. Holland set aside this theory, and he now announces that these bones are those of mammoth calves. Dr. Holland claims that the great bear must have raided the mammoth herds, killing the calves and dragging them to the bear caves, where they were devoured. There are a large number of bones from the mammoth calves, and Dr. Holland expects to have several complete sets.
There were also in the cave the bones of numerous gigantic squirrels and other small animals, all of which are now extinct.
Another cave, similar to the one discovered at Hollidaysburg, has been

Fortune Ranges at Keller's. Streetcars Stopped.
Evansville, Ind., May 20. — More than a score of persons, mostly strike-breakers, were hurt, some seriously, in the attempt made by the streetcar company to resume traffic on its lines. Bricks, scrap iron, pieces of timber, coal and rocks greeted cars on all lines in volleys. Almost in every instance by the time the police arrived the guilty parties had secreted themselves in the crowds, leaving the injured motorman and conductor to be taken care of by the officers.
Young Women Drowned.
Oklahoma City, May 20.—Eight young women were precipitated into the North Canadian river, 20 feet deep, at Wheeler park, the bridge on which they were posing for a picture, collapsing, and two of their number, Miss Mamie Wing and Miss Mattie Doris, were drowned. The others were rescued with difficulty.

WATCHDOG

Frightened Away Burglars From Jeremiah Roach's Home on Elmwood Avenue.

Jeremiah Roach's house at 119 Elmwood avenue, was evidently given a visit last night by unwelcome visitors who cared not to enter by ordinary means. In fact the visitor or visitors, at the hour of midnight, succeeded in unhinging a screen door, and while working on the inside door a dog which was on the inside of the house.
Last night the occupants of the house were aroused by unusual noises followed by the barking of the dog. However no attention was paid to this, but this morning a score of burnt matches, a broken screen door, and a tampered lock, gave evidence of the visitation of midnight prowlers. As yet the matter has not been reported to the police. The dog which evidently frightened away the intruders is owned by Charles Schaller, a brother of Mrs. Roach, who resides in an adjoining house.

Assassins Denounced.
Mexico City, May 20. — Declaring that Florencio Morales and Bernardo Mora, Guatemalans, are guilty of the wilful assassination of General Manuel Barrillas, the public prosecutor has formally petitioned the court before which the case was tried, to pronounce the death sentence on the prisoners. The bitter arraignment of the accused and the demand for the death penalty coming at this stage of the proceedings have created a sensation here and the action of the court is anticipated with tremendous interest. It is believed that whatever decision the court renders, the case will be appealed by one side or the other to the supreme tribunal of the nation.

FATHER LOPS' FOLLOWERS LOOT CATHOLIC CHURCH AT YOUNGSTOWN

Carpets Torn Up, Pews and Altar Furniture Removed and Italians Defy Bishop Horstman Sunday

**Governor Orders Investigation at Mahoning County Infirmary—Suicided in a Fit of Anger—
General News of Ohio.**

Youngstown, O., May 20. — There was a complete looting of St. Anthony's Catholic church (Italian) by the members of the congregation, who were standing by the acting pastor, Father Lops, who was removed by Bishop Horstman. A mob of some 3,000 people swept down at a signal given by ringing the church bells. When they got through there was not a thing left in the church. Carpets were torn up, seats were taken away, the altar furniture was removed. The congregation had prepared for the moving, having a house next to the lot where they will erect their new church ready to receive the effects, having seceded from the Catholic church.

The movement is a continuance of the defying of Bishop Horstman by the congregation. When he ordered Father Lops to vacate the pastorate, the congregation, with the exception of a few, announced that they would stay by Father Lops and refused to allow him to depart.

Governor Orders Inquiry.
Columbus, O., May 20.—An investigation of the Mahoning county infirmary at Garfield will be made by the board of state charities, under the direction of Governor Harris, as a result of charges preferred against the infirmary management by the county commissioners in resolutions adopted at Youngstown. The exact nature of the charges is not yet known. A week ago the Mahoning county grand jury, in its report, made sensational charges regarding the infirmary. It was said, among other things, that many patients had died without receiving proper medical attention, and that the buildings were dirty and vermin-infested.

Both Perish Under Train.
Bellefontaine, O., May 20.—"Blackey" died in a hero role and the man he was endeavoring to rescue from under the wheels of a Big Four train was also killed. "Blackey" was a white umbrella mender, and the only article found in his clothing was an Episcopal prayer book, bearing the name of Rev. C. F. Magee of Kenton. Magee informed the police that he gave a prayer book to a man three weeks ago, who said he had influential relatives at Jackson, O., but telephone inquiry failed to reveal the man's identity. The other victim was about

70 years old, and is said to have been from Chillicothe, O.

Shot Self in Fit of Anger.
Marysville, O., May 20.—While her husband was at work on the farm, Mrs. Peter Schertzer, in a fit of temper, fired a ball into her brain. The husband and wife had each a child by a previous marriage before they were united in wedlock some months ago. She objected to his child living with them, and he therefore sent his daughter to live with his sister in Bucyrus. The child arrived to pay her father a visit and this so angered the stepmother that she shot herself, inflicting a fatal wound.

Patient Asks Damages.
Dayton, O., May 20.—William Platt, a prominent physician, is the defendant in a damage suit in which the plaintiff, a young man, asks for damages in the sum of \$10,000 for alleged surgical malpractice. According to the story in the petition, the doctor, who had charge of the patient 10 months, made the mistake in the surgical operation of removing the healthy organ instead of the diseased one.

Son of Former Congressman.
Cleveland, O., May 20.—The body of Albert V. Taylor, 40, an attorney of Bedford, a suburb, was found wedged in between the platform and the railroad tracks at the Pennsylvania railroad station in Bedford. It is supposed that Mr. Taylor was struck by a train and killed. Deceased was a son of former Congressman V. A. Taylor. He practiced law in Cleveland and was prominent in temperance work.

Foraker on Brown's Statement.
Washington, May 20.—Senator Foraker has issued a spirited reply to Chairman Brown of the state central committee, respecting Ohio's choice of a candidate for the presidency. Mr. Foraker says of Mr. Brown's statement: "For rank, dictatorial and offensive bossism it far exceeds anything I can recall. It amounts to a threat that unless I straightway declare for Mr. Taft I shall lose the senatorship. That may be, but if so the fact has no terrors for me. I said at Canton that I would not be dictated to by any kind of a boss, big or little, inside or outside the state. I meant that announcement for just such boss-

es as Brown. I emphatically renege his dictation and give him notice that my choice for the presidency will be named by the next Ohio Republican convention. So far as I am personally concerned I shall abide by the action of that convention as to whether I shall be a candidate again for any office, and, if so, what that office shall be."

Incumbent of Hanna Chair.
Cleveland, O., May 20. — President Charles F. Thwing of Western Reserve university of this city, has announced that Mr. A. K. Hutton of the University of Chicago has been chosen as the first incumbent of the M. A. Hanna chair of political science in the university. This chair was established by friends of the late Senator Hanna soon after his death. The foundation consists of one hundred thousand dollars, which was made good to the university one year ago. The list of contributors to the fund represents a conspicuous list of donors. Among them were President Theodore Roosevelt, Vice President Fairbanks, Vice President Morton and the widow of Vice President Hobart.

Will Fight Charges.
Painesville, O., May 20.—Chief of Police George Elfring was suspended by Mayor Harry T. Nolan, who filed against him with the board of public safety charges of intoxication and petty extortion. He also alleged that Elfring allowed slot machines to be operated after hours. Elfring was asked to resign, but refused to do so. He will fight the charges.

Used Gun on Himself.
Van Wert, O., May 20.—Dr. H. G. Havice of Wren committed suicide at his home in that village by shooting himself above the left ear. No cause assigned. Dr. Havice was one of the leading physicians of Van Wert county. He was a prominent Democratic politician and belonged to several secret orders.

Safe Cracked.
Upper Sandusky, O., May 20.—For the third time within a year the depot of the Pennsylvania Railway company at Nevada, seven miles east of here, was burglarized. The safe was blown to pieces by means of nitroglycerin and all the money, amounting to nearly \$100, taken.

Collision on Trolley Line.
Cleveland, O., May 20.—Two Northern Ohio Traction company passenger cars collided near Silver Lake. Three persons were hurt.

Quits Canal Position.
Washington, May 20. — David W. Ross, general purchasing agent of the Panama canal commission, will resign shortly to become president of a large manufacturing concern in Chicago. Although he has not formally presented his resignation, he has let it be known that he desires to relinquish his position with the canal commission. Mr. Ross has not fixed upon the time for leaving the government service, but will leave it at the convenience of the commission.

Kuroki at Grant's Tomb.
New York, May 20.—Twenty-eight years ago, when General U. S. Grant in his tour of the world was the guest of the emperor of Japan, one of the officers assigned to attend him was a young colonel, who today is General Kuroki of world renown. Kuroki Sunday visited Riverside drive and there, with impressive Oriental ceremony, placed a laurel wreath upon the American's tomb.

EIGHTY FOOT STACK BEING ERECTED

An 80-foot stack, the second largest in this city, is now being erected on the grounds owned by Warren Weiant located at Weiant's station on the Interurban line, east of Newark.

This stack is to create draft for the new power house being built for Mr. Weiant and is being put up under the supervision of Edward Savan of Newark. Only one other stack in Newark that is now in course of construction at the city water works plant, exceeds this stack in height or width, the water works stack being 125 feet in height.

Youngstown, O., May 20—Newark was outplayed at every point Saturday besides being at the mercy of Compton's pitching, and it was easy for the Champions to win by a score of 5 to 1. Youngstown fell upon Stoupe in the first, a single by Starr and a double by Breen giving the locals a run in the initial round. Errors by Pearce and Schweitzer sewed up the game for Youngstown in the second, while Pearce by this pair giving the locals two runs and the game. Compton gave a great exhibition of pitching. He let down at the start of the eighth, and Snyder and Walls singled. Jack tightened up then, and retired Schweitzer and Wratten on strikes, while the best Haval could do was a pop fly to McAleese.

Youngstown's work on the base paths was far superior to the Molders'. Every misplay by Newark was made to count in the locals' favor. Breen did the nicest piece of fielding in the game by pulling down a Texas leaguer between first and second from Murray's bat in the fourth inning. Ostidek made three catches of difficult foul flies. Newark's run was from a single by Pearce, a pass to Walls and a single by Schweitzer. The score:

S.S.S. CURES SKIN DISEASES

No skin disease can exist without an underlying cause, and in most instances that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids get into the blood, generally because of an inactive and sluggish condition of those members whose duty it is to collect and carry off the waste and refuse of the body. This unhealthy matter is left in the system to sour and ferment, and soon the circulation becomes charged with the acid poison. The blood, in its effort to rid itself of this foreign matter, begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibers with which the skin is so abundantly supplied produces irritation and inflammation on the surface, and Eczema, Acne, Tetter, Psoriasis, Salt Rheum, or some other troublesome and disfiguring skin disease is the result. External applications, while they soothe the itching, and are beneficial in keeping the skin clean, can never cure skin affections, because they do not reach the blood where the real trouble is located. A thorough cleansing of the blood is the only permanent cure for skin diseases. S. S. S., the greatest of all blood purifiers, is the best treatment. It cures by neutralizing the acids and removing the humors from the circulation so that the skin, instead of being irritated and diseased by the exuding acid matter, is nourished and soothed by a cooling, healthy stream of blood. S. S. S. goes down to the very bottom of the trouble, removes the foreign matter and thereby permanently cures every form of skin trouble. Do not expect to cure a blood disease with local applications alone, but begin the use of S. S. S., and when you have removed the cause the skin will be free from disease. UMPIRES WERE BUSY AT AKRON

LANCASTER AND AKRON PLAYERS KEEP LATHAM AND STEINBERG ON JUMP.

Players Dispute Decisions and Are Fined and Fired—O. P. Games Saturday.

Akron, O., May 20—Enthusiasm by the victory of Walter East's outfit over Lancaster Friday, about 1200 fans turned out Saturday afternoon and saw the locals romp home with a score of 5 to 1. East, chosen to pitch the game at his own request, in spite of the fact that he worked at Mansfield Thursday, and he did nobly. Until the ninth inning he had the "Lanks" guessing all the time, and only four hits were registered on him. But in the final session, with the score 3 to 1 against the visitors, they gave Akron a scare.

Umpires Latham and Steinberg had a busy afternoon. In the fourth inning Ortlieb and Catlyn both beat out bunts, and Doggie advanced to third when East sacrificed. A squeeze play engineered by Mallin and Ortlieb, worked perfectly, the latter beating Johns' throw to the plate. Then Steinberg called Ortlieb safe, the Lancaster players raised a vociferous yell. Calling an officer, Steinberg had Ortlieb escorted from the grounds, and a moment later sent Curt Elston over the same route. Arlie Latham fined Ortlieb \$5 during the same inning because Doggie insisted on being "sassy." Lefty Johns pitched splendid ball, striking out seven men and not giving a base on balls. He was touched up for only five bingles. The score: R. H. E. L. 0 0 0 0 0 1 0 1-2 7 1 A. 0 0 0 0 1 0 0 x-3 5 3

Batteries—Johns and Fox; Armstrong and Ortlieb. Umpires—Latham and Steinberg.

Sharon Wins Batfist.
Sharon, Pa., May 20—Sharon and Marion had a batting matinee Saturday afternoon, and the former came out on top. Lucas was touched up for 17 hits for a total of 25 bases, while Burwell was pounded for 15. Kerr led with the stick, having three singles and a home run, while McFarley had a single, double and home run, and Tate two bingles and a home run. Mathay and Ballenger carried off the fielding honors, the former making a sensational catch in the ninth and nipping a runner at third. The score:

M. 1 0 0 0 1 0 0 4 0-6	9	1

Batteries—Burwell and Mattison; Lucas and Luskey. Umpire—Hart.

Pinkney's Catch Features Game.
New Castle, Pa., May 20—New Castle took the second game of the series from Mansfield Saturday. Limric had the better of Farrell, who was wild at times. Mansfield had several opportunities to win, but could not hit with men on bases. A sensational running catch by Pinkney was the feature. Score: R. H. E. N. 0 0 0 0 1 0 0 0 x-1 3 2 M. 0 0 0 0 0 0 0 0 0-0 4 2

CORONER OFFERS \$3 FOR ONE HOME RUN.
Coroner Marriot of St. Louisville, will give three silver dollars to the member of the home team who knocks a home run on Decoration day in either game between Newark and Lancaster.

Shot by Negro.
New Orleans, May 20—G. G. Richardson, a plantation overseer, was shot while watching a negro baseball game in Jefferson parish. A negro named Lewis was killed while trying to support the dying overseer. Jesse Clark, the negro who did the shooting, made his escape to this city, where he has not yet been captured. Richardson and a few white men, it is said, upbraided a negro woman for her actions at the game when Clark began shooting. The overseer and his companions returned the fire.

NEWARK WON FROM SANDUSKY TEAM WITH GREAT EASE

LAKE CITY PLAYERS WERE SHUT OUT BY HUSKY NEWARK MOLDERS.

Sandusky Player Hit in The Eye by Ball—Anklov's Illness Crippled Team.

Sandusky, May 20—Schleman's Sandusky team was stacked against not only the fast Newark O. P. league team here Sunday, but fate, several hoodlums and evil omens as well. There was nothing to it except hard knocks, hard luck and disappointment. Newark won 1 to 0, administering the first coat of kalsomine to the new team.

To begin, Anklov, the promising second sacker, was taken ill before he had reached the city, and he spent the afternoon at his hotel. Pitcher Baldwin was picked as the most likely utility man to cover the second sack. Baldwin could not do much, and Freddie Smith, trying to cover short and second base, erred not only ten put outs but two errors. The team was shot to pieces and lacked ginger. In the fifth Morgan was wiggled from right to give Dick Carroll a chance to bat.

Then in the eighth came the crowning misfortune. Davidson, captain, hit the ball, and it seemed to him up his bat, striking him a terrific blow over the right eye. He fell in his tracks, and surgeons took him to his home. His face was cut, but serious results are not anticipated. This too away what little life was left in the team. Hegner went to center, and the game was finished with four pitchers playing.

Chase pitched a good game, an with good support would have hit the score to at least two runs. The first Snyder singled over second and Walls sacrificed. White droppings Chase's throw. Wratten sent out pretty one, Snyder and Walls scoring. But Wratten was caught trying to stretch his hit to a double. In the fifth Snyder again singled, was sacrificed and scored on Schweitzer's two bases. In the eighth two singles, a double and a passed ball allowed one more run, fast work preventing more scoring.

The Sanduskys could not hit consecutively. Captain Davidson singled at the start, and McCullough was hit but nothing resulted. In the second two hits gave him a chance, but again the side was retired. In the sixth McCullough and Smith singled, but White and Carroll were easy outs to retire the side, while in the seventh a double play and the accident to Davidson blasted all hopes.

Increase in Steerage Rates.
New York, May 20—The immigrant faces an increase in steerage rates from Europe within six weeks, when the United States law increasing the head tax from \$2 to \$4 for every alien entering the country goes into effect. While the steamship companies have always added the head tax to the cost of transportation, they have materially improved steerage service and conditions so that today the humble newcomer from other shores travels in no mean style and comfort below decks of the big Atlantic ships.

BERRYHILL AFTER AKRON'S SCALP

"I'll spend any amount of money to beat that Akron team," declared Manager Bob Berryhill of the visitors' Newark aggregation, to the Youngstown Vindicator Friday evening. "Those fellows started off with the idea that they were the best ever. Why, they wouldn't speak to common mortals down at Newark. I think they've had some of their conceit knocked out of them, but it'll come back again as soon as they win a few games."

"There isn't a team in the O. & P. league that will have anything better than this summer. Just about five of the clubs will be up and going all the time. It's going to be a race I can tell you."

Manager Bob's team, with practically a new infield since the opening of the season, looks like one of the five. Danny Davis was released because of ill health, according to Berryhill. Haval's regular position is short. That's where he played with the Grand Rapids Central leaguers, until shifted to third, which was the only reason that he left that league. Murray looks fast. It was the visiting second sacker's long hit which scored Newark's only run Friday. Gygli rounds out the outfield satisfactorily.

HAVAL HITTING AT GOOD CLIP

SERVATIOUS OF LANCASTER LEADS THE LEAGUE WITH .459 AVERAGE.

Some Good Hitters in the League—Newark Pitchers Are Batting Among the Leaders.

The O-P averages for the second and third weeks play shows that Lancaster has the best hitter in the league. Servatious, the first sacker sent to Green by Columbus, is batting a little less than .500. Kid Hagen, the Nocks short stop who was leading the league last week, has dropped to .314.

Among the Newark hitters, Haval is leading. Stoupe in three games is batting at a good clip but the rest of the men are down in the race, but are hitting better. The league averages follow:

Lucas, Mar.	2	8	3	2	0	0	375

JULIA WARD HOWE.

AMERICA'S GRAND OLD WOMAN, WHO IS STILL YOUNG AT EIGHTY-EIGHT.

Writer of Famous Battle Poem Frequently Wrote Verses In the Dark—Woman of Unusual Culture, Ever Optimistic and Still Active—True Love of Life the Secret of Her Longevity—Strong Peace Advocate and a Decided Figure of the Present.

By ROBERTUS LOVE.

MRS. JULIA WARD HOWE is America's Grand Old Woman. May 27 marks the completion of her eighty-eighth year. Eighteen years ago her youngest daughter, Mrs. Maud Howe Elliott, in a letter inviting Dr. Oliver Wendell Holmes to attend her mother's birthday party stated that Mrs. Howe would be "seventy years young." The phrase has become increasingly popular from year to year, and by the same token Mrs. Howe has been growing younger and younger.

During the past year or two several of our most noted men have become seventy years young. They have reached the age limit set by the psalmist, the perilous point at which aspiring poets throw sonnets at them, congratulations in fourteen lines according to the Hoyle of poetic science. Among these are Mark Twain, Grover Cleveland, William Dean Howells, Henry M. Alden and Thomas Bailey Aldrich, the latter already passed on. But here is Mrs. Howe, born nearly a score of years before any of them, a beautiful and brilliant belle in little old New York long before Sammy

Who remembers any of the society women of her time?

Julia Ward was born in New York city and is therefore a Yankee only by adoption. It was truly "little old New York" when she was born, for in 1819 the social center was almost at the extreme southern end of Manhattan Island. Her rich banker father occupied a house near Bowling Green.

When Julia Ward was about six years old her father moved a few blocks farther uptown and built a great house at Bond street and Broadway. In this house the girl grew up and became a social leader in the city. She was one of the first women in America who enjoyed the advantages of a thorough education. She learned several languages so that she could employ them without apologies. Her older brother, the celebrated Sam Ward of three-quarters of a century ago, came home from a student career abroad, rich in his acquisition of German metaphysics and poetry, which he shared obligingly with his sister.

Proficient Player and Singer.

The Ward house was lined with books and pictures. There were mu-

a noble steel." It was her future husband, Dr. Howe and Julia Ward were married in 1843. He was about twenty years her senior. As a young man he had gone to Greece and aided in the war for independence, as Lord Byron also did. He was the first person in America to devote himself to improving the condition of the blind. Throughout his long life he was a philanthropist, a friend of the poor, the unfortunate, the outcast. "In the world as he would have had it," said Mrs. Howe after her husband's death in 1870, "there should have been neither paupers nor outcasts."

That both Dr. Howe and Julia Ward were fortunate in their marriage is not to be disputed. Dr. Howe found a wife of unusual culture, capable of sympathizing with his splendid work in behalf of unfortunate humanity. Miss Ward found a husband capable of turning her young mind into the channels of noble ideals. Dr. Howe was a hater of slavery in every form. Mrs. Howe came to share his views. In those days abolitionism was the religion of intellectual Boston, and the Howes espoused the creed. They knew intimately William Lloyd Garrison, Wendell Phillips, Whittier, Lowell and the other anti-slavery leaders. Even John Brown of Ossawatimie called to see Mrs. Howe. She opened the door with her own hand, she says, and found him in appearance "a Puritan of the Puritans."

Wrote Verses in the Dark.

Living in this atmosphere for twenty years, it was not surprising that when Mrs. Howe visited Washington in 1861 and saw the soldiers "in a hundred circling camps" her thoughts flowed along the lines of the "Battle Hymn of the Republic." With her husband and others she had ridden out a few miles to witness a review of the troops. The review was interrupted by a sudden attack of the enemy, and Mrs. Howe saw the rapid marching of re-enforcements and heard the firing. Hiding back to the capital, she began singing the John Brown song, in which thousands of the soldiers joined. That night Mrs. Howe conceived the idea of a dignified poem to fit the famous tune. She arose from her bed, found pen and paper and wrote the lines in the dark. She had written verses frequently in this manner while occupying a room with one of her children, refraining from making a light in her care not to disturb the child.

"But I always found," said Mrs. Howe, "that if I did not transcribe my verses within twenty-four hours I couldn't read what I had written."

Naturally there was adverse criticism of this poem in the south during the war, but now the opposition has died away. When Mrs. Howe was in charge of the women's work at the New Orleans exposition she visited Baton Rouge, La., and was astonished but pleased to hear her poem sung at an entertainment.

Mrs. Howe's first volume of poems was called "Passion Flowers," though of course it contained nothing whatever even faintly suggesting ellawheelism. That was in 1854. Two or three years later Mrs. Howe published a book of poems entitled "Words For the Hour," chiefly of sociological interest, revealing her serious trend. She became a leader in Boston club life, founding the New England Woman's club, of which she was president for a quarter of a century. Mrs. Howe also took an active part in organizing the Association For the Advancement of Women, of which she served as president for many years. Her work for the cause of woman suffrage, which she espoused about forty years ago, is well known. She is also a strong peace advocate.

Mrs. Howe used to spend her summers at Newport. That was when there was "an intellectual set" at the Rhode Island resort. Mrs. Howe's home was the headquarters of this set. When the millionaire class overran the town the Howes retreated to a beach some miles away.

Her Children Carefully Reared.

While indisputably an advanced woman, Mrs. Howe has not neglected family responsibilities. Her son and daughters were carefully reared, and three of the daughters have won distinction as writers. They are Mrs. Florence Howe Hall, Mrs. Laura E. Richards and Mrs. Maud Howe Elliott. The son, Professor Henry M. Howe, is a distinguished metallurgist.

Mrs. Howe has a well developed humorous vein. Once when driving past the Charitable Eye and Ear Infirmary in Boston her eye caught the name of the institution as painted on the building. She remarked very dryly:

"I don't see the good of that place."

"Why?" inquired her companion in astonishment, knowing Mrs. Howe's generous nature.

"Well, I didn't know there was a charitable eye or ear in Boston," replied the venerable lady.

At another time Mrs. Howe was visiting a Newport woman. The hostess took her out on the beautiful veranda in the moonlight in the hope of getting a fine sentiment out of her. Finally the woman demanded:

"Mrs. Howe, do say something lovely about my piazza."

In her highly cultivated voice Mrs. Howe replied:

"I think it is a bully piazza."

Somewhat accented Mrs. Howe of being "obstinately optimistic" all her life. Looking back across the gulf of seventy years to her girlhood in New York, she said:

"My heart's young desire was to assist the efforts of those who sought for a helpful philosophy of life."

Her own helpful philosophy no doubt has upheld her obstinate optimism, so that today she is by no means a person of an age that is past, but is decidedly a figure of the present, for she is as deeply interested in the admission of Oklahoma as she was in a like event fifty years ago.

"SMITH" FAMILY HOLD REUNION AT THE JACKSON

COMMERCIAL TRAVELERS HAVING THE SAME NAME, HAD NEVER MET

Until Sunday Night and Registered in Succession as "C. F. Smith," From Different Cities.

Two heavy set men, both commercial travelers and of the same name, alighted from No. 8, B. & O. train, last night, and, side by side, crossed the railroad track, from which place they were escorted by a solicitous porter to the Hotel Jackson across the way.

One, taller and fairer than the other, entered upon the hotel register "C. F. Smith, Sistersville, W. Va." The other in turn registered "C. F. Smith, Springfield, Ohio." Closely following them came a stock built man, small in size, who, elbowing his way through the crowd, reached for the register and wrote "C. F. Smith, Toledo, O."

This feat performed to his satisfaction he glanced over the page and beheld the other names written there.

"Well, I'll—," he started to exclaim, but changed it to a request from the clerk for an introduction to his namesakes. This was quickly done and to the surprise of all three C. F. Smiths, the tall and short of the family proved to be distantly related, but strangers to each other. The other C. F. Smith was not related to the other. Still this did not bar him from participating in the elaborate collation which was later spread by C. F. Smith No. 1 and C. F. Smith No. 3 in behalf of the whole Smith family.

DAY'S BUSINESS IN COURT HOUSE

In Common Pleas.

In the case of Albert A. Stassel receiver of The Newark Savings Bank Co., vs. William E. Miller, estate of R. Scheidler and William Christian, the argument of counsel was made to the court and jury Monday morning and the court charged the jury at 11 o'clock. The suit is brought on a promissory note for \$1610.

A bill of exceptions has been filed in the Probate court in the case of O'Dell Garrison plaintiff in error, vs. State of Ohio, defendant in error. The defendant prosecutes error to the Common Pleas court on the sentence of the Probate court, ordering the defendant to pay a fine of \$5 and costs for appearing in a state of intoxication. The defendants asks that the sentence be set aside for errors of law therein, and that the same is void for irregularity.

O. R. Angevine vs. Harry Miller, heretofore submitted on a motion to make petition more definite and certain. The suit is brought to recover wages as a farm hand said to have been performed by Angevine for Miller. The court thought the petition sufficiently states the controversy between the parties and overruled the motion. The case will come on regularly for trial. Bowers; Leamon.

Emma Renz vs. Mary Renz, et al., an action brought for the partition of certain real estate. Order of partition made. Commissioners appointed: E. J. Maurath, Daniel Thomas and Wm. Broom. Smythe & Smythe, Miller; Hunter.

Complaint Filed.

Mrs. Rian, who lives in the old Lewis Evans house, near Hudson avenue and St. Clair street, filed a complaint with the probate judge Monday afternoon, that a number of boys had been annoying very much of late by tearing down the embankment of Log Pond run that runs through the place. She says the next time it occurs she will have the boys arrested.

Auditor Wright in Akron.

Auditor Wright was in Akron on Monday, assisting in the appraisal of the C. A. & C. railroad.

Assessors' Reports.

Monday was the last day for the assessors to make their reports to the county auditor.

Local Option Case.

The case of the State of Ohio vs. Jerry W. Wilson and Herbert Walters, charged with illegally voting at the local option election held in Licking township on April 27, is being tried before Judge Lee S. Lake today. The case is being tried in a jury for the first time and the cases are brought by the defendant with a view of contesting the election.

Real Estate Transfers.

Louis F. Carl and others to W. F. Seymour and Harry L. Rexroth, to lot 4841 in Wehrle's addition to New-

ark, \$1 and other good and sufficient considerations.

Wm. F. Seymour and others to Wm. C. Miller as trustee for the Licking County Bank and Trust company, lot 4841 in the Wehrle addition to Newark, \$1 and other considerations.

Frank P. Gourley to Joseph L. Metz, real estate in Utica, \$1300.

Albert Anderson and Belle Anderson to Wm. Phillips, 25.61 acres in Perry township, \$1300.

Isaac G. Burkham and Anna M. Burkham to David E. Mossholder, lot 7 in Isaac G. Burkham's subdivision of lots in J. B. Jones' addition to Newark in Madison township, \$2400.

Lida H. Miller to H. R. P. Miller, real estate in Hartford township, \$4000.

Divorce Granted.

The divorce case of Vera Hardway vs. Stanley W. Hardway, was heard by the Probate court Monday. The plaintiff says that since their marriage her husband has totally failed to provide for her. Judge Brister granted the decree.

"DINK" LEONARD MADE ESCAPE FROM HOSPITAL

AND BADLY FRIGHTENED SEVERAL PEDESTRIANS SATURDAY NIGHT.

Patrolman Shot and Leonard Was Taken Back to the City Prison.

Martin Leonard, known to the whole police department as "Dink" Leonard, again occupied the boards Saturday about midnight and his actions and the experiences of the arresting officers gave rise to the rumor that Leonard had been shot and was in a hospital recovering from his wounds.

The fact of the matter is that Leonard was not shot, but a very badly frightened individual. He is still in the city prison, where he will remain until he serves out his time.

Leonard served his time under the old sentence, and was released, but was arrested several days ago again. This time he was sentenced to the stone pile and was serving his time there when his injuries received at the time of his sensational arrest, commenced to give him trouble and the physician who examined him ordered him removed to the hospital.

That was Leonard's first shock. His second came when the hospital officials demanded that he take a bath before he was placed in a ward. That shock was the worst. Dink got his bath and was put away in a snow white bed and a fair nurse attended his hurts and soothed his fevered brow as the story books go.

Even that life of ease did not satisfy Dink, and late Saturday night while his nurse was temporarily absent from the room, Leonard arose and left the building.

He was attired only in his night shirt but it was not long before he made the raise of a pair of trousers. With these to protect him from the chilly night air, the man made his way to the southern part of the city south of the railroads in the vicinity of Second street.

He frightened a half dozen people badly before he ran across Officer Holbrook. The bluecoat tried to put the man under arrest and he turned and ran. Holbrook pulled his revolver and fired into the air, and this frightened Leonard into hysterics.

He dodged behind a telephone pole and screamed at the top of his voice. Officer Holbrook blew his whistle and Patrolman McClure came to his assistance and between the two Leonard was sent to the prison in the wagon.

The officials claim that Leonard's injuries which made it necessary to send him to the hospital, were self-inflicted. One of the officers who took part in his first arrest declares that Leonard deliberately pounded his two eyes with his fists and this is what was giving the man his trouble.

FREE TO RHEUMATISM SUFFERERS.

A Full-sized 75c Bottle of Uric-O, The Only Absolute Cure for Rheumatism Ever Discovered.

WRITE FOR IT TODAY.

We want every man or woman who suffers from Rheumatism and has lost all faith in remedies to write us today for an absolutely free trial of the famous Smith Prescription Uric-O for Rheumatism. Uric-O will cure it and cure it to stay cured. No faith is required while taking this superb remedy. You take it according to directions, and you will be cured in spite of yourself and any doubts you may have as to its efficacy. We don't ask you to buy Uric-O on faith. We'll buy a large 75c bottle for you and make you a present of it, if you will agree to take it according to directions.

We could not afford to do this if we didn't have all the confidence in the world in Uric-O and know that after you are cured you would have no hesitancy about recommending the remedy to all your friends and acquaintances who are suffering from Rheumatism. This is the method that has made Uric-O famous wherever introduced. The cure of several so-called Rheumatic Incurables in a community means a steady sale of Uric-O in that vicinity. Uric-O is good for Rheumatism and Rheumatism only. It gets upon the blood by driving the uric and poisonous rheumatic acid from the system. This is the only way Rheumatism can ever be cured and it is the Uric-O way.

Most druggists sell Uric-O, but if you want to test it on your Rheumatism, mail it today with your name and address and the name of your druggist to The Smith Drug Co., Syracuse, N. Y., and they will send you a full sized 75c bottle free.

Uric-O is sold and recommended in Newark by Frank D. Hall, North Side Square.

HARRY PRATT JUDSON.

President Hunt, President Judson, of the University of Chicago, was born at Jamaica, N. Y., on December 20, 1859, and graduated from Williams College in 1879. President Judson married Miss Rebecca A. Gilbert in 1879. He spent his school in Troy, N. Y., in many years, and has attracted national attention by publishing a series of volumes on historical subjects, which were warmly received by the reading public. He was first attached to the staff of the University of Chicago in 1892, and taught history at that institution for some

OVER TWENTY THOUSAND VOTES IN ADVOCATE CONTEST SATURDAY MISS MADDEN IN FIRST PLACE

Over twenty thousand votes were cast in the Jamestown contest Saturday, bringing the total up to 272,810.

The day's balloting advanced Miss Madden to first position in District No. 9, a position held since the opening of the contest by Miss Miller who has now only 614 votes from first place. A few days ago Miss Madden was at the bottom of the list in her district. Another change brought about by Saturday's vote, was in District No. 7, in which Miss Varner advanced to third place.

A large number of special ballots given for paid-in-advance subscription were issued Saturday and they were well distributed among the contestants.

Miss Denver's vote has now passed the 22,000 mark, Miss Bentz being second, Miss Young third, Miss Seward fourth, Miss Taylor fifth. The one who gets the largest vote in the contest will select the party's champion.

The young ladies secured a number of new Daily Advocate subscribers Saturday, and the credits are so distributed among the contestants as to make it impossible to predict the winner of the diamond ring or the second prize of \$10. Eighteen of the 30 contestants are close together in the ring contest. Please remember that the ring contest for new daily subscribers will close next Monday, May 27, at 4 p. m.

NO NAME ON COUPONS.

Monday morning's mail brought to the Advocate a bundle of coupons without the scratch of a pen or pencil to indicate whom they were from or for. The postmark was so indistinct that it could not be deciphered. This bundle of coupons must necessarily be thrown away unless it can be identified within a day or two. If the person who sent it will describe the package and the approximate number of coupons it contains the vote may be recorded, otherwise it will be necessary to throw the package away. Write the contestant's name on each coupon.
